

## Alexandra Blossom Festival Trip

Our trip to Alexandra was very exciting. We left Dunedin at 9.00am and arrived at Alexandra around 11.30am. Everyone was hungry so after we purchased our tickets, we went and got some fish and chips for lunch, with the money that was given to us from a staff member at Wakari hospital.

After we had lunch we headed to the carnival grounds, which was extremely busy, and full of excitement. We were looking forward to meeting some of the guys from the Alexandra activity center, but due to unforeseen circumstances, there were unable to make it. Some of our clients did get to meet the Alexandra coordinator Jayden, at the grounds.

We split up into two groups and one group walked around Alexandra looking for a super market and a few other things. The other group looked around the carnival with Hayden our student, that is on placement.

We left Alexandra at 3.30pm arriving back in Dunedin around 6.00pm. Everyone had a fun time and really enjoyed the trip. Here is a photo of some of the clients at the carnival.

Us about to have lunch
